Dear Businee Owner

There is something to be said for "**being seen in the right places**" when trying to reach new customers. For example, your ad in the **Nashua Chamber Orchestra's Program Book** will be seen by six concert audiences in Nashua and Milford during November, 2011 through June of 2012. **Advertising with us** gives visibility to your business, and brings customers to you.

The **Nashua Chamber Orchestra** has been bringing quality classical music to the greater **Nashua and Souhegan Valley** area for 26 years. Our audience members will since it helps us "keep the music coming".

You will find our ad rates are a **great value**, paying big returns. Also, you can receive a **discount for paying in advance**, without the need for us to send an Invoice.

Our **deadline**, as you will see on the **Order Form**, is **October 22nd**. But don't wait. Please **respond now** to reserve your space.
